Product!

Shown w/Optional Caster Wheels

Now you can make your **SUV** or **Pick Up** even more versatile by equipping it with a **York Rake**. Maintaining that long gravel driveway or camp road just got a whole lot easier.

- Rake mounts to an **SUV** or **Pick Up** using a 2" receiver hitch.
- Raise and lower the rake from the comfort of your cab.
- Control box connects easily to a 12V DC source with a fused quick disconnect link.
- Integral storage stand to make connecting and disconnecting easier.
- Controller and power cable easily disconnects from the rake for safe storage.
- Rake teeth are heat-treated alloy spring steel rake teeth, 1-1/4" wide.
- 1-1/2" spacing between the teeth leaves desirable material behind.
- Spring steel rake heads resist bending and have greater flexibility and durability.
- Angles 30 degrees left or right to easily move material on or off road.
- Optional caster wheels help regulate the rakes working depth.
- Weight: Rake - 400lbs, Caster Wheels - 90lbs.
- Maximum working width: 8'
- Minimum working width: 7' 1"
- Number of rake teeth: 35
